

IN 2011, Will Your Business FLOURISH OR → FAIL

Harvard Business School research suggests that you can **earn 10 times more** by writing down your goals. As 2011 quickly approaches, **NOW** is the time to celebrate your business' accomplishments and create your road-map for next year's success.

Vocal Consulting motivates business owners and professionals to focus on what matters most . . . because **status quo is not an option!**
